

The Dustbane Way

Cleaning a Hallway

Cleaning a hallway starts with a simple program. Ask us about a custom program that will meet your individual needs. Here's our baseline recommendation.

1

Multi-Purpose Cleaner: Excelsior

Guests and residents may base their opinion on the quality of a building by the appearance of the hallways. The use of Excelsior as a general purpose hard surface cleaner will minimize your chemical inventory while providing the cleaning results you strive for. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:64.
- Available in 4 L & 20 L.

3

Carpet Cleaning: 1200 XT Box Extractor

Deep clean stains and odours in carpeting with the 1200 XT Box Extractor. Maintaining a clean carpet will extend its life while improving the quality of the air in the office and promoting a healthier environment.

2

Odour Control: Bio-Bac II

Hallway odours can have an impact on customer experience. Continued use of Bio-Bac II provides a safe and efficient way to maintain clean, sanitary and odour free surfaces. The "people friendly" bacteria keeps working long after Bio-Bac II's initial application. UL ECOLOGO® Certified.

- Dilute in cold water at a rate of 1:20.
- Available in 4 L.
